President's message Hello Morton AAUW Ladies,

Welcome back!

The smell of pumpkins is in the air! That means it's Pumpkin Festival time and the start of our 2016-17 AAUW year!

You'll be receiving your 2016-17 booklet at the September meeting. Take time to mark the meetings on your calendar. Heather Thompson and Paige Hadsall have done a wonderful job of putting together great programs. Be sure to invite a friend to our first evening of appealing appetizers by the board and meet and greet Exceptional young women in our community.

We want to remember the purpose of AAUW, which is "to advance equality for women and girls through advocacy, education, philanthropy, and research." Have you ever been asked "What is AAUW?" Think about why you are an AAUW member and how you would answer "What is AAUW?"

Our GEMS club has been full of STEAM this summer. New exciting sessions are coming up this fall. We have used our grant money to expand the program and to excite young girls in our community about STEAM (Science Technology, Engineering, Art, and Math.)

Be sure to welcome and introduce yourself to our newest member Carolyn Shepherd. Her information is in our booklet.

Many thanks to Sally, Mike, Cheri, and the many other "worker bees" who did such an extremely wonderful job with concessions for Arts in the Park this summer. Funds raised for our scholarship were phenomenal.

I know our members are passionate about our mission and committed to the success of our organization. For this I am thankful and proud of the great work the AAUW Morton, IL Branch does. I feel so blessed to be able to serve each of you.

-Judy Morton AAUW Branch President

Consider becoming an Election Judge for Election Day. Judges in Morton are desperately needed. Training in Morton on September 13th. Call Tazewell County Clerk 309 477-2267

August 25th was Women's Equality Day. It marks the anniversary of the passage of the 19th Amendment, which gave women the right to vote. Thousands of women and their allies worked for decades to make that day in 1920 possible. It took years of lobbying and demonstrations, passing out pamphlet after pamphlet, publishing editorials, and giving speeches to make it happen.
